

## *Advanced Group Coaching* 2019 Program

### **Clients and Friends of Grinnell Leadership,**

The **Leadership JumpStart®** and **Leadership Decathlon®** Executive Development programs are valuable and uniquely effective development processes. The yearlong personalized Advanced Group Coaching Program was implemented to enable the JumpStart® and Decathlon® graduates an opportunity to continue developing both personally and professionally in their leadership.

### *2019 Advanced Group Coaching Program*

**OBJECTIVE:** Through the benefit of a yearlong advanced focus on personalized leadership development with regular feedback, group input, coaching, and reinforcement, participants will be able to significantly advance themselves personally and professionally, increasing their capacity for Real Leadership to benefit the organizations they serve.

*“I’ve participated in the Grinnell Advanced Group Coaching Program for three years and the value I find in the program compounds each year. It’s not just the invaluable insight of Dr. Grinnell that I treasure; it’s the deep and lasting relationships that I’ve built with other participants. The Advanced Group Coaching Program has made me take the time to focus on improving and enriching myself, thereby improving and enriching my company.”*

*- Jill Wells Heath, President & CEO, CALYX Engineers + Consultants*
